Device Holders

10" Tablet Universal X-Grip III

Simple to open and close, the spring loaded RAM X-Grip® III leaves the outside edge of the tablet almost completely free of obstructions. Soft rubber fingers apply just enough force to hold the tablet safe and secure. Consists of a composite spring loaded cradle, expandable grip arms and additional bottom support keeper. Expands and contracts for perfect fit of most 10" tablets with or without sleeves, as well as some smaller tablets. Fits 9-10" tablets with minimum width of 6.25" to maximum width of 8.1" and maximum length of 10.25".

70-DM970 Sugg. Retail: \$127.39

7" Tablet Universal X-Grip

Compact mount has a four leg design that sports great holding power without hiding the tablet behind foam pads and plastic. Consists of a spring loaded holder and 1" rubber ball connected to the back of the base. Expands and contracts for perfect fit of most 7" tablets with or without cases. Fits 7-8" tablets with minimum width of 2.25" to maximum width of 5.75". (Minimum width of 2.25" w must be a minimum height of 7").

70-DM975 Sugg. Retail: \$66.06

Smart Phone Universal X-Grip

Compact mount for cell phones has four leg design that sports great holding power without hiding the phone behind foam pads and plastic. Spring loaded holder expands and contracts for perfect fit of device. Rubber coated tips holds device firm and stable. Measure device with case/sleeve/skin when determining the overall size. Fits devices with minimum width of 1.875" to maximum width of 3.25".

70-DM960 Sugg. Retail: \$46.80

Large Smart Phone Universal X-Grip

Compact mount for large smart phones has four leg design that sports great holding power without hiding the device behind foam pads and plastic. Spring loaded holder expands and contracts for perfect fit of device. Rubber coated tips holds device firm and stable. Measure device with case/sleeve/skin when determining the overall size. Fits devices with minimum width of 1.75" to maximum width of 4.5".

70-DM965 Sugg. Retail: \$52.40
