

## LoHum Footplate Stabilizer (K0108)

The LoHum Footplate Stabilizer mounts to the bottom of the wheelchair footplates to keep the footplates level and locked in a rigid position reducing stress on the user's ankles. Quick release feature allows the footplates to be easily moved when needed. Helps eliminate repairs on footplate hangers and hardware. Multiple sizes to fit chairs up to 24" wide. Works on angle-adjustable footplates. Supports high tone extension and bariatric use.
